

Aims to improve public confidence in the Criminal Justice System

Aims to reduce crime and prevent re-offending

Aims to tackle the social exclusion of offenders and their families

Navigate

Live intelligence
Increased supervision
Swift enforcement
Shared management
Joint responsibility

Client is circulated as wanted on PNC

Client not yet on PNC but linked to crime and wanted for arrest (these can be in two separate circles)

Client is not complying with Navigate supervision AND intelligence suggests further offending

Client is not complying with Navigate supervision
Intelligence suggests further offending by client (again - can be done in two separate circles)

Client is engaging with all relevant agencies
No intelligence to suggest offending

Targets those who commit the highest volume of crimes and have the most impact on the community

Supported by both the Ministry of Justice and the Home Office

A partnership approach to reducing re-offending

Swift access to drug/alcohol treatment

Additional support - housing and benefits

Promotes rehabilitation alongside robust enforcement

Consistent approach that is flexible to reflect local priorities
