

LIST OF CCTV SUPPLIERS FOR NEW SYSTEMS IN LICENCED VEHICLES

A number of suppliers have completed a procurement exercise for the supply of new CCTV systems in licenced vehicles across Warrington (March 2019). All these suppliers meet the requirements of our [Technical Specification \[pdf\]](#). Prices and payments vary, depending on the chosen CCTV system.

- **SAFE Systems CCTV Ltd** <https://www.safesystemsctv.co.uk/> Tel: 01706 551212
- **VISIONTRACK** <https://www.visiontrack.com/> Tel: 01246 225 745
- **Vision Unique Equipment Ltd** <https://www.vue-cctv.co.uk/> Tel: 0161 877 2257

Applicants are advised to make enquiries with all suppliers before deciding on a CCTV system. All suppliers will be affiliated or have their own qualified installers (auto electricians) to fit new or transfer CCTV systems.

Notes for Applicants

- All systems will include the provision of a switch in the vehicle to enable the driver to temporarily de-activate the system if in private use.
- The fitted CCTV system must be operational at all times when the vehicle is being used in a licensed capacity.
- Audio recording will be available for drivers and passengers to activate in the event of an incident.
- All operators / drivers are responsible for the ongoing maintenance of their fitted systems.
- A minimum 12 month warranty is provided for new systems by the supplier. Extended warranties and arrangements should be discussed with suppliers.
