under this Order, the Authority may grant such consent either uncondi-
tionally, or subject to such conditions (including conditions
requiring the replacement of any tree by one or more trees on the
site or in the immediate vicinity thereof), as the Authority may
think fit, or may refuse consent.
Provided that where the application relates to any woodland specified in the First Schedule to this Order the Authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the Authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.
