Freedom of Information Act Request: Children’s Services

I am writing in response to your email of 10 April 2018 requesting information about the organisational structure of our children’s services department.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

Please may you provide us with the team managers and service managers’ names for all of the children’s social work teams, along with their email addresses and/or telephone numbers.

Response:
Please find attached the information which you have requested with the exception of the names, email addresses and job titles of some staff which have been redacted. That part of your request is hereby refused.

Section 40(2) of the FOIA states that the personal information of a third party must not be disclosed if to do so would contravene any of the data protection principles.

‘Personal data’ is defined under section 1(1) of the Data Protection Act 1998 (the DPA) as data which relates to a living individual who can be identified from that data, or from that data and other information which is in the possession of the data controller or is likely to come into the possession of the data controller.
Accordingly the names and email addresses of staff and their job titles where that can identify them fall under the definition of personal information.

The data protection principle that is most likely to be relevant is the first principle of the DPA which states that personal data must be processed fairly and lawfully. If the processing (in this case the disclosure) would **not** be fair, then it would contravene the first DPA principle, and the information is then exempt from disclosure under FOIA section 40(2).

The Council takes the following factors into account in deciding whether disclosure is fair:
- whether the requested information is sensitive personal data;
- the consequences of disclosure;
- the data subject’s reasonable expectations of what would happen to their personal data;
- the balance between the rights and freedoms of the data subject and the legitimate interests of the public.

It would not be fair to disclose the requested information and it is therefore exempt under section 40(2) of the FOIA.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. You should do this as soon as possible, or, in any case, within two months of your request being refused.

If, following the outcome of the internal review, you remain dissatisfied with the council’s response to your information request, you have the right under section 50 of the Freedom of Information Act 2000 to appeal to the Information Commissioner at:

2. Of those, how many received a Merton compliant age assessment in each of the following years: 2013, 2014, 2015, 2016, 2017, 2018?
Response: It has been our practice to assess all those coming to the attention of the local authority as unaccompanied asylum seekers until 31st March 2018. We do not collect data on the number of age assessments completed but we believe they were carried out on all of the above UASC.

3. Of those, how many were deemed to be UASC and how many were deemed to be an adult in those same years requested for questions one and two?

Response: Three young people were deemed to be adults, all in 2017.

Freedom of Information Act Request: Home Schooling

I am writing in response to your email of 12th April requesting information about home schooling.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

1. How many school enforcement orders have been issued in the last five years?

There have been no school attendance orders issued by the local authority in the last 5 years. In cases were there have been concerns, parents have worked with us to put children on a school roll rather than go down the school attendance order route.

2. How many inspections have you carried out at home schooling households in order to find if the children are not receiving a suitable education in the last five years?

The local authority asks all parents to evidence that they are providing a suitable education through an annual visit conducted by our EHE quality assurance tutor. If an annual visit is declined, we ask parents to complete and return our education proforma report which is checked by the EHE quality assurance tutor.

A total of 474 attempts to visit home schooling households have been made in the last 5 years. Approximately 5% of these have been refused by parents and reports have been sent to local authority instead.
3. How many times have you had to intervene during these inspections, at home schooling households, if it appears that the children are not receiving a suitable education in the last five years?

There is currently one case were legal advice regarding a school attendance order is being sought. In previous years the local authority has not pursued any school attendance orders. When concerns have been expressed, the local authority have received further evidence from parents or the children have returned to school.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. d) engaged in criminal activities during their absence

Please include all known incidences, even if a child experienced more than one e.g. where a child was both hurt or harmed physically and sexually assaulted, please included occasions as figures for both part a and part b.

Most of this information will be produced by Independent Return Interviews which are conducted after children in care go missing. The findings are shared with the local authority when produced by a different authority on their behalf. Please see this link for more information:

RESPONSE: Current reporting systems do not lend themselves to producing reports compatible with the information requested within an estimated appropriate limit. However, this is not to say that the Local Authority and partner agencies are not aware of and taking steps to safeguard the children you have requested information on; the link between a child being missing and them being at risk of exploitation and sexual assault is understood and accepted.

Dear Professor Broomhead,

I am writing to respond to your email of 25 April 2018 requesting information about the number of children taken into care due to physical violence from the child.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

In the 2017 calendar year how many children were taken into care where there was a recorded concern that the parents/carers were at risk of physical violence from the child? Please state the ages and sexes of any children involved.

Response:
We do not record this information in a way that is reportable. However, from discussions with senior managers who make the decisions for a child to be brought into care we can confirm that the number is nil for the year 2017.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. 1. Confirmation that we have sent out letters to all parents of Y9 children, in respect of admission in the academic year 2018-19, in accordance with The School Information (England) (Amendment) Regulations 2017 which came into force on 14th February 2017.

Response
The local authority is able to confirm that a suitably detailed letter was sent to all parents/carers of Year 9 children residing in Warrington, in respect of admission in the academic year 2018/2019 in accordance with the relevant amended Regulations 2017.

2. Please provide a copy of the letter and the date when it was sent out.

Response
A copy of the letter sent out by Warrington local authority is attached, as requested. The letters were posted on 8 September 2017. In addition to the letter, a leaflet (also attached)
provided by UTC Warrington was also included in the envelope with the letter. The leaflet included information about open events at UTC Warrington which parents/carers will hopefully have found useful.

Dear Parent/Carer

ADMISSIONS TO YEAR 10 AT UNIVERSITY TECHNICAL COLLEGES AND STUDIO SCHOOLS

I note from our records that you have a child due to move into Year 10 in September 2018. I am writing to inform you of other opportunities for education starting in Y10 available in Warrington and the wider local area which you may not be aware of. These opportunities are available via University Technology Colleges (UTCs) and Studio Schools.

UTCs are set up by universities and businesses and specialise in one or two technical subjects. At GCSE they offer a similar curriculum to a typical secondary school, including English and Maths, as well as their specialist subject.

Studio Schools are similar to UTCs in that they have employer involvement in the curriculum and focus on developing the skills needed for employment, involving personal coaching and work experience, alongside a similar curriculum to a typical secondary school.

All schools have a statutory duty to secure impartial careers guidance for all Year 8 to Year 13 students to inspire young people to fulfil their potential and to make them aware of all opportunities available to them. We strongly recommend that your child discuss their options with a Careers Adviser in their current school or college.

The enclosed list provides details of the UTC in Warrington and other UTCs and studio schools that are within a reasonable travelling distance, which you may wish to explore and consider whether you would like to apply for a place for your child in September. In addition, details are available in the council’s prospectus of education options. You should also look at the GCSE curriculum at your child’s current school, to help consider what the best option is for the next two years of your child’s education.
Unlike typical secondary schools that take pupils from age 11, these schools known as University Technical Colleges (UTC) or Studio Schools, only take children from the age of 14 and offer an alternative to the traditional GCSE and A level education of a secondary school.

This means you would need to apply to transfer your child to a UTC or Studio Schools if you feel this would be the best option for them. Obviously, this does not mean you are required to move your child from their existing school if you feel this is still the best option for them.

If you decide you would like to apply for a place at any of these schools for your child, you will need to complete an application form. Please visit the schools website for more information about the school and the application process.

Yours faithfully

Therefore, any child who is recruited, transported, transferred, harboured or received for the purposes of exploitation is considered to be a trafficking victim, whether or not they have been forced or deceived.

Freedom of Information Act Request

I am writing in response to your email of 20 May requesting information about LEA accessibility strategy, accessibility plans, EHC plans and assessments.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

1. The LEA accessibility strategy

Response: The local authority requires that all Warrington schools are accessible and will expect a school to make reasonable adjustments in order to ensure that any child or young person with a disability placed at a Warrington school is able to access the school and the curriculum. As schools have been refurbished or buildings replaced, physical adaptations or features have been included to ensure that accessibility is improved.

2. The number of schools that have accessibility plans as a percentage of all schools in the LEA by type.

Response: All Warrington schools were required to produce accessibility plans when the legislation was first introduced and to use delegated funding to support implementation of plans to improve access.
3. The number of schools that have accessibility plans that have been updated in the last 12 months as a percentage of all schools in the LEA by type

Response: The local authority does not hold this information centrally.

4. Links to accessibility plans

Response: The local authority is unable to provide direct links to accessibility plans for individual schools, however plans can be requested directly from each school if required and a contact list has been included with this response for that purpose.

5. As of 1 April 2018, how many pupils in the LEA currently have a finalised Education, Health and Care (EHC) Plans, in total and as a proportion of pupils in need of an EHC Plan, by school type (primary, secondary, grammar, other)?

Freedom of Information Act Request: Deferred entry for summer born children

I am writing in response to your email of 22 May 2018 requesting information about deferred entry to primary school for summer born children.

In particular, you requested that the local authority supplied you with the following information:

1. How many requests for deferred entry in to reception for summer born children were received in each of the following academic years: 2016-17, 2017-18, 2018-19? Please provide a break down by year.

2. How many requests for deferred entry in to reception for summer born children were granted in each of the following academic years: 2016-17, 2017-18, 2018-19? Please provide a break down by year.

3. How many requests for deferred entry in to reception for summer born children were turned down in each of the following academic years: 2016-17, 2017-18, 2018-19? Please provide a break down by year.

4. How many children were required to skip a year later in their education in order to join their normal age group in each of the following academic years: 2016-17, 2017-18, 2018-19? Please provide a break down by year.

5. If possible, please could you provide the same information for schools that are not local authority maintained in your area; for example free schools, academies and voluntary aided schools.
6. How many appeals by parents of summer born children were made to the independent admission appeal panel or through the school complaints procedure between 2016 and 2018? Of these, how many were successful? How many were unsuccessful?

7. Please provide any further relevant information regarding the council’s policy on deferred school entry of summer born children; for instance whether requests are automatically agreed or parents must present strong evidence.

The table below provides responses to Questions 1-4.

In response to Question 5, I am unable to confirm the position for non-maintained schools as the local authority does not hold the relevant information.

In response to Question 6, I am able to confirm that between 2016 and 2018, the local authority received two requests for a review of the original decision to refuse the request for deferred entry into reception class for summer born children. Both of these requests were successful in that the original decision to refuse was overturned.

Finally in response to Question 7 about the council’s policy on deferred entry of summer born children, it is the case that no request is automatically agreed in Warrington. When considering requests to defer entry, decisions are based on all the information made available by the parent/carer and all other relevant parties.

Initially, parents seeking to educate their child outside their normal age group (out of cohort request) are advised to have a discussion with the head teacher of their child’s prospective school. The head teacher may be able to allay any concerns the parents may have about school readiness. The school should also be able to explain the provision on offer to children and how the needs of the youngest pupils are met.

Following this, if the parent still wishes to pursue deferred entry into reception class, he/she must write to the local authority setting out the reasons why, in their view, the child would benefit from being educated outside their normal age group.

If a request is not granted, parents are informed of their right to request a review of the decision, clearly explaining why they disagree with the decision. Such requests should be submitted to the local authority within 15 school days.
Where requests are granted, parents are made aware that they need to apply for a reception class place by following the co-ordinated admissions process for the academic year when the child is due to enrol.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. The number of incidents of children becoming looked after by the local authority in the financial year ending March 2018 because their family was in acute stress (according to the main category of need they were filed under), where the central reason for this acute stress categorisation was that the family became homeless.

Response: Of those families where the central reason was acute stress; nil where the categorisation was ‘family became homeless’

The age of the children who became looked after.
Response: Not applicable - see above response

In the incident, whether the child/children become looked after as a result of:

Freedom of Information Act Request: Ethnicity and immigration status of children in care

I am writing in response to your email of 27 May 2018 requesting information about the ethnicity and immigration status of children in care.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

Based on the latest available figures:

1. How many Looked After Children, who are in the care of the local authority, are:

   (a) EU (non-UK) citizens?

   Response: 10

   (b) have an Undocumented or Unknown immigration status (including children whose nationality is unknown).

   Response: Our case management system does not record the immigration status of children in a way that is reportable. However, we have a number of unaccompanied asylum seeking children, in each case we know their nationality. None of these have an unknown immigration status as we are aware of the status of any applications in each case.
2. What plans and provisions does the Local Authority have in place - or is considering - to deal with any Children In Care who will need to obtain Settled Status, as a result of Brexit, if they wish to remain in the UK? Please provide details of any plans, analysis or forecasts, including any estimates of the financial cost to the Local Authority, or any reports which have been written about this issue.

Response: Once guidance is available to local authorities in respect of children who may need to obtain settled status as a result of Brexit, then the local authority will devise plans in order to fulfil this. There are no current plans in place as there is no formal guidance for any EU citizens at this stage.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. Freedom of Information Act Request: Elective Home Education

I am writing in response to your email of 30 May 2018 requesting information about elective home education.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

1. **Does your Local Education Authority (LEA) operate a voluntary registration scheme for pupils undergoing elective home education (EHE)?**
   
   Response: Yes, we encourage all schools and parents/carers to notify the LA and this is recorded.

2. **Does your LEA operate a compulsory registration scheme for pupils undergoing EHE?**
   
   Response: No.

3. **What guidance does your LEA provide with regards to EHE? (Please provide link to any online guidance)?**
   
   Response: Warrington’s policy on EHE is made available to all our EHE families/partners/other agencies (attached).
In each of the last 5 years for which you have data:

4. In how many cases of EHE have you investigated (under s.436A of the Education Act 1996 or otherwise) to find if children are receiving suitable education?

Response: The local authority asks all parents to evidence that they are providing a suitable education through an annual visit conducted by our EHE quality assurance tutor. If an annual visit is declined, we ask parents to complete and return our education proforma report which is checked by the EHE quality assurance tutor. A total of 474 attempts to visit home schooling households have been made in the last five years. Approximately 5% of these have been refused by parents and reports have been sent to local authority instead.

5. How many school attendance orders have been issued with regard to children found to be receiving unsuitable EHE (or who have been claimed to be receiving EHE)?

Response: There have been no school attendance orders issued by the local authority in the last five years. In cases were there have been concerns, parents have worked with us to put children on a school roll or improve the quality of education they provide to their children rather than go down the school attendance order route. We are currently pursuing one school attendance order following concerns that EHE is not suitable.

6. How many school attendance orders have been issued with regard to children found to be attending illegal (unregistered schools)?

Response: None as there are no unregistered schools operating in Warrington.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. You should do this as soon as possible, or, in any case, within two months of your request being refused.

If, following the outcome of the internal review, you remain dissatisfied with the council's response to your information request, you have the right under section 50 of the Freedom of Information Act 2000 to appeal to the Information Commissioner at:

Policy Principles

The Local Authority (LA) respects the rights of parents and carers to educate their children at home. In this regard, the LA aims to:

- Work to promote positive relationships and mutual respect with parents and carers for the benefit and educational well being of children; and
- Provide an effective, efficient and supportive service.

In support of these aims, this policy sets out the arrangements that Warrington LA will make in order to carry out its legal duties under the 1996 Education Act (i.e. if it appears that a child of compulsory school age is not receiving education suitable to age, ability and special needs, to take steps to ensure that this is remedied).

“If it appears to a local education authority that a child of compulsory school age in their area is not receiving suitable education, either by regular attendance at school or otherwise, they shall serve a notice in writing on the parent requiring him to satisfy them within the period specified in the notice that the child is receiving such education.”

*Education Act 1996 s437 – s433*

This policy document applies to those children whose parents/guardians have chosen to educate their children at home. It does not refer to children who have a home tutor provided by the LA.

YES

Parents still not meeting statutory requirements after reasonable time period and support from LA. Case information passed to attendance team for school attendance order issue

NO

NO

Attendance Officer writes to inform parents that education meets statutory requirements

Does the LA have any safeguarding concerns?

NO

NO

Immediate referral will be made to LA Education Safeguarding Team for advice and guidance

YES

YES (After 1st Visit)

Parent is informed of concerns and is given opportunity to address issues (up to 3 months)
The process is initiated when the LA is informed that a child is to be home educated by either:

- The parents of the child who has never attended a school in Warrington choosing to notify the LA;
- A Warrington Head Teacher notifying the LA of a child being withdrawn from school, following notification from a parent that they have decided to Electively Home Educate their child; or
- An external body informing the LA that a child living in Warrington may be being home educated.

When the LA is informed that a child is to be home educated, it will check the child has been removed from school roll. The child’s name, date of birth and address will be recorded on a database of children living in Warrington who are being home educated. As part of this process:

- Parents will be sent an introduction letter and information about elective home education (within 3 weeks of notification);
- The LA will check for records indicating any cause for concern. In these cases the LA will be immediately refer any concerns to the appropriate authorities using established protocols and/or make early contact with the family;

Within two months of the LA letter of registration, the Attendance Officer with responsibility for EHE will contact the parents to make informal enquiries to satisfy themselves that the parents are discharging their statutory duty in educating their children. Warrington LA prefers home visits or a meeting in another venue (e.g. cafe or library), however, parents may satisfy the authority in any of the following ways:

- Meet with the LA EHE Advisor at their home with or without their child;
- Meet with the LA EHE Advisor at another venue with or without their child being present;
- Send a letter or a report setting out their educational plans enclosing, if they wish, samples of their child’s work;
- Send a letter or a report from a reputable third party acceptable to them and the LA endorsing their educational plans;
Section 1 – Procedure

- Send in representative samples of their child’s work; or
- Provide evidence in another appropriate form acceptable to the LA.

The LA will allow the parent up to 2 months, after a child is recorded on the Elective Home Education Register, to consent to a meeting and provide such information. Parents should contact the LA if they require an earlier visit.

If the LA become aware that a child may be home educated but has never been registered at school they will make contact with the family and follow the procedures from above.

No visit will take place unless parents agree to one and a mutually convenient appointment has been made. The purpose of the first visit is to let parents get to know the LA EHE Advisor and to talk about their educational style. If a child has work s/he wishes to share, this would be welcomed. However, as stated above, parents may decide that they would rather send in a written report or use another acceptable way to evidence their educational provision.

Whatever parents decide the LA EHE Advisor will write a report and send them a copy. This report will include one of the following:

- A statement that the education is suitable and efficient. The LA may make future enquiries but will always take the parents’ wishes in to account;
- A statement that there are concerns as stated in the report; or
- A letter stating that the education is unsuitable for reasons stated in the report.

If there are concerns that the education is unsuitable then the LA EHE Advisor will discuss these with the parents during the visit, or after considering their report, to suggest areas of improvement. If, following a period of advice and support, (maximum period 3 months from the date of the report) the education still remains unsatisfactory the LA may at this point take steps to ensure the education of the child/children through the use of a School Attendance Order (SAO).

The LA will contact home educating families who do not wish to arrange a home visit annually to ask for a report and offer support (assuming any previous reports have been satisfactory).
Section 1 – Procedure

If the concerns of the LA EHE Advisor involve health, well-being and safeguarding of a child including child protection issues the LA Advisor and the Attendance Officer with responsibility for EHE will formally bring such matters to the appropriate services and agencies.

Although parents have the right to home educate their children, we believe schools in Warrington offer children opportunities to achieve their potential and the demands of life in modern society. We respect the wishes and rights of parents and carers who wish to educate their children at home. We wish to work in partnership with parents and carers who wish to home educate to help them achieve the best possible outcomes for their children.
Section 2 – Roles & Responsibilities

2.1 Overview

To ensure that all Electively Home Educated children receive an education that is suitable, there are a series of duties or responsibilities on all involved parties to ensure that this maintained and recorded on an ongoing basis. The roles and responsibilities of each of the key stakeholders (i.e. Parents, Head Teachers and the Local Authority) are therefore described within the following sub-sections.

2.2 Parents

The law states it is the duty of parents to ensure the education of their children. Parents may choose to educate their children at home instead of sending them to school. The parents’ legal duty is set out in Section 7 of the Education Act 1996 as follows:

“The parent of every child of the compulsory school age (5 – 16) shall cause him to receive efficient full-time education suitable:
(a) To their age, ability and aptitude, and
(b) To any special educational needs they may have. Either by regular attendance at school or otherwise.

The European Convention for the Protection of Human Rights and Fundamental Freedoms, Article 2 of Protocol No 1 also supports this stating:

“No person shall be denied the right to education. In the exercise of any functions which it assumes in relation to education and to teaching, the state shall respect the right of parents to ensure such education and teaching in conformity with their own religious and philosophical convictions.”

An “efficient” and “suitable” education is not defined in the Education Act 1996 but “efficient” has been broadly described in case law as an education that “achieves that which it sets out to achieve”, and a “suitable” education is one that “primarily equips a child for life within the community of which he is a member, rather than the way of life in the country as a whole, as long as it does not foreclose the child’s options in later years to adopt some other form of life if he wishes to do so”.

2.2.1 Non-Registered Children

Providing a child is not a registered pupil at a school the parent is not required to:
• Seek permission to educate “otherwise”;
• Inform the LA;
• Have regular contact with the LA; or
• Meet with the LA or allow the LA to enter the pupil’s home.

2.2.2  De-Registered Children

Parents of a child registered in a school must formally de-register them by writing to the Head teacher stating their intention. If a parent does not inform the Head teacher in writing a child may remain on roll and the parent may be liable to prosecution for non-attendance.

2.2.3  Special School Registered Children

Parents wishing to begin home education with a child registered at a Special School must first seek the consent of the LA in order to withdraw the child from school. This is underpinned by the Education (Pupil Registration) (England) Regulations 2006 Regulation 8(2), which states:

“A child who has under arrangements made by a local authority become a registered pupil at a special school shall not be removed from the admission register of that school without the consent of that authority, or if that authority refuse to give consent, without a direction of the Secretary of State”.

Where a child has an Education Health Care Plan (EHCP) when a parent begins to home education, the LA’s statutory duty to undertake an annual review still continues. The review will include consideration of whether the statement is still appropriate and it may be possible to later or even cease to maintain the EHCP, depending on the child’s current circumstances and the provision being made. Should it be necessary for the EHCP to remain in force, parents continue to have responsibility for the education provided. However, the LA has a legal duty to ensure the child’s needs are met. Should disagreement arise between the parents and the LA regarding review of an assessment, the Special Educational Needs Tribunal may resolve it and the LA has a duty to inform the parent of their right to appeal.
2.3 Head Teachers

It is the duty of the Head teacher (Education (Pupil Registration) (England) Regulations 2006) to inform the LA within 10 days of when a parent has confirmed in writing his or her decision to educate his or her child otherwise than at school. The pupil’s name will be deleted from the admission register and recorded on a database kept by Warrington Attendance Team of children being home educated. The pupil’s full records should be forwarded to the LA within 3 weeks of deregistration.

If a child attends a special school than his/her name cannot be removed from roll until the LA gives permission – confirming that the child’s special educational needs are being addressed.

2.4 The Local Authority

The Local Authority has a duty:

- Under Sections 437 – 433 of the Education Act 1996, dealing with school attendance orders, confers a duty on the LA if it appears that a child of compulsory school age is not receiving education suitable to age, ability, aptitude and special needs;
- The legal duty of an LA is concerned only with children who appear not to be receiving a suitable education. However, case law (Phillips v Brown (1980) unreported) established that an LA might make informal enquiries of parents who are educating their children at home to establish that a suitable education is provided.

Parents of a child who has an EHCP can educate them at home. However, if the child is on the roll of a special school the child’s name may not be removed from the register of that school without the LA’s consent. Consent may not unreasonably be withheld.

The LA’s statutory duty to undertake an annual review of Special Educational Needs continues for those who are home educated. This review includes assessing whether the statement is still appropriate, requires amendment or might cease to be maintained.

The LA has a duty under the section 175(1) of the Education Act 2002 to safeguard and promote the welfare of children. The LA may insist on seeing children in order to enquire about their welfare where there are grounds for concern. It does not give the LA power to enter the home of, or otherwise see, children for the purpose of monitoring the provision of elective home education.
The LA will make ensure it carries out its statutory duties and supports families of children who are electively home educated.

- Provide a named professional to liaise with parents Attendance Officer with responsibility for EHE. The role of this person will be explained in information provided to parents;
- Maintain a database of pupils being educated at home. As this is not a statutory duty it is acknowledged that this list will be incomplete. This will enable the Attendance Officer with responsibility for EHE to make contact with parents to offer signposting and support and work in partnership;
- Provide information for parents enquiring about educating children at home or who are already home educators. This information will be made available in community languages and alternative formats on request;
- Organise the annual review for children with an Education Health Care Plan;
- If it appears to the LA that a child is not receiving an appropriate education then the LA may, after offering support and allowing parents a reasonable amount of time to address concerns, issue a School Attendance Order requiring the child to attend a named school;
- Provide details of the complaints procedure and deal with any complaints in a sensitive and timely manner;
- Encourage, consult and develop relationships with the local Home Education support groups;

1) If a pupil stops attending a school in your Local Authority (LA) area and the school’s ‘reasonable enquiries’ fail to locate the pupil. Do you require schools to make a referral to your LA so that you can complete your ‘reasonable enquires’ before the school can remove the pupil from roll? Yes/No

2) If your LA ‘reasonable enquiries’ fail to locate a pupil and you have carried out all your checks before 20 days of absence has elapsed do you advise the school:
   a) they must wait until 20 days absence has elapsed before removing the pupil from roll.
   b) they can remove the pupil from roll once your LA ‘reasonable enquiries’ have been completed.
   c) they can remove the pupil from roll with effect from the last day (or the day after) they attended the (referring) school.
   d) None of the above (in which case please explain what you do in the 'Comments' box)

3) If your LA ‘reasonable enquiries’ fail to locate a pupil, you have carried out all your LA checks, and the pupil has accrued 20 or more days of absence, do you advise the school they can remove the pupil from roll with effect from:
   a) the date your LA ‘reasonable enquiries’ were completed.
   b) the 20th day of the pupil’s absence.
   c) the last day (or the day after) they attended the (referring) school.
   d) None of the above (in which case please explain what you do in the 'Comments' box)

4) When your LA ‘reasonable enquiries’ locate a pupil in another educational setting, do you advise the school they can remove the pupil from roll with effect from:
   a) the date the pupil started at the new educational setting.
   b) the date the pupil last attended the (referring) school.
   c) the date you confirmed the pupil is attending another educational setting.
   d) None of the above (in which case please explain what you do in the 'Comments' box)
5) If your LA ‘reasonable enquiries’ confirm the pupil no longer ordinarily resides at a ‘reasonable distance’ from the referring school, (e.g. the pupil has permanently moved to another county or abroad) do you advise the school they can remove the pupil from roll with effect from:
   a) the date you receive this information.
   b) the date the pupil last attended the (referring) school.
   c) the date the pupil starts at a new educational setting.
   d) None of the above (in which case please explain what you do in the 'Comments' box)

6) If a pupil has been absent due to leave of absence of 20 days or more (either partly authorised or all unauthorised), do you advise the school they are able to remove pupils from roll under the ‘reasonable distance’ rule?
   a) Yes
   b) No
   c) Sometimes (please explain further in the 'Comments' box)
   d) None of the above (in which case please explain what you do in the 'Comments' box)

Freedom of Information Act Request: Criminal exploitation of children and young people

I am writing in response to your email of 15 June 2018 requesting information about criminal exploitation of children and young people.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

National Referral Mechanism (NRM)

1. Does your Local Authority record information on the number of children under 18 who have been referred to the National Referral Mechanism for criminal exploitation?

   **Response:** No

   If asked, a child’s social worker would be able to tell us that they have been referred to National Referral Mechanism, but this is not flagged on the respective electronic social care client record (Mosaic).

2. Is this information retrievable from the 1 April 2017 to 31 March 2018?

   **Response:** No

   See response to Q1.
Children’s Social Care

3. Does your Local Authority record information on the number of children and young people who are classified as ‘at risk of criminal exploitation’?

   **Response:** No

   See response to Q1.

   Also, in 2018, the remit of Warrington’s multi agency Missing Children, Sexual Exploitation & Trafficking operational group (MCSETO) is to be widened to include children at risk of criminal exploitation. This will also include how these children will be flagged on the electronic social care record.

4. Is this information retrievable from the 1 April 2017 to 31 March 2018?

   **Response:** No

   See above.

5. Does your Local Authority record information on the number of looked after children who are classified as ‘at risk of criminal exploitation’?

   **Response:** No

   See response to Q3.

6. Is this information retrievable from the 1 April 2017 to 31 March 2018?

   **Response:** No

   See above.

Missing from home and care

7. For children and young people who go missing from home, does your Local Authority record if they are at risk of ‘criminal exploitation’?

   **Response:** No

   However, any child who is reported as missing twice in a 90 day period is referred to and discussed at MCSETO. The expectation is that this information would be outlined in the referral and subsequent record of the meeting. Both the referral and record of the meeting are loaded to Mosaic.
8. Is information on the number of children missing from home who are at risk of criminal exploitation retrievable from the 1 April 2017 to 31 March 2018?

Response: No

See above.

9. Does your Local Authority record data on the number of children missing from home who have been found outside the boundaries of your local authority?

Response: Yes

10. Is information on the number of children missing from home who have been found outside the boundaries of your local authority retrievable from 1 April 2017 to 31 March 2018?

Response: Yes

11. For children and young people who go missing from care, does your Local Authority record if they are at risk of ‘criminal exploitation’?

Response: No

See response to Q7.

12. Is information on the number of children missing from care who are at risk of criminal exploitation retrievable from the 1 April 2017 to 31 March 2018?

No

See above.

13. Does your Local Authority record data on the number of children missing from care who have been found outside the boundaries of your local authority?

Response: Yes

14. Is this information retrievable from 1 April 2017 to 31 March 2018?

Response: Yes

Policies for criminal exploitation

15. Does your Local Authority have a policy or protocol in place for identifying, assessing and responding to children and young people affected or at risk of child criminal exploitation?

Response: No
However, work is underway on a Pan Cheshire basis to revise the current screening tool used for sexual exploitation to include risk indicators for children at risk of criminal exploitation. A Pan Cheshire Strategy and Operational Protocol would accompany the launch of the revised screening tool. The commissioned service used by Warrington for missing children and children at risk of CSE now works with children at risk of criminal exploitation too.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. Freedom of Information Act Request: Deaf/hard of hearing children and provision of British Sign Language

I am writing in response to your email, received on 19 June 2018, requesting information about provision for deaf or hard of hearing children resident in our local authority.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below.

1. How many children (0-18) in your Local Authority are deaf or hard of hearing?

Response: We have 129 with a sensorineural (permanent) hearing loss. In addition we also support children with fluctuating conductive hearing losses with initial visits into their setting and half termly visits if they wear assistive listening devices.

2. What percentage of overall children (0-18) in your LA are deaf or hard of hearing?

Response: We do not record the percentage of overall children (0-18) in our LA who are registered as deaf or hard of hearing.

Regarding budgets for Special Educational Needs (and Disabilities):

We do not directly fund parents learning of sign language. The authority has a teacher of the deaf qualified to level 4 in BSL. He has responsibility for early years support and works directly with the families and children who may use BSL. This would involve the teaching of sign using resources such as those Family Sign on the NDCS and Sign to Me.
In addition we direct families to agencies such as The Birkdale Trust who offer financial assistance to families who wish to attend formal courses in BSL. We have also referred parents in the past to The Deafness Support Network who, through a time limited charity grant, were able to provide free sign language advice to parents and children within the home.

- The early years teacher of the deaf teaches parents sign language. He is qualified in BSL to Level 4. This has not changed over the last 3 years.

**Regarding Education, Health and Care Plans:**

- There are 4 children who have British Sign Language mentioned as a special educational need in their Education, Health and Care Plan? This has increased by one over the last three years.

- None of these children have British Sign Language tuition (for them or for their parents/carers/family) named in the provision section of the plan. The most recent child to receive an EHC Plan has deaf parents who are fluent BSL users.

- Tuition has been provided in the early stages, before transition into reception, from within the service. We have no deaf resource base in Warrington and at the moment those who communicate primarily through BSL are educated in nearby authorities, e.g. Knotty Ash in Liverpool.

None of these provisions are made through personal budgets.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. You should write to Paul Clisby, Legal Services Manager at Warrington Borough Council, Quattro, Buttermarket Street, Warrington, WA1 1BN, giving details of your complaint. I am writing in response to your email of 22 June 2018 requesting information about the budget for commissioning services for VAWG in our local area.

In particular, you requested that the local authority supplies you with information in respect of staff costs, legal costs, market engagement events etc. The council commissions two specialist VAWG services. As your organisation is the commissioned provider of our community domestic abuse service, you are aware of the contract value and Refuge holds the itemised budget. The overall contract value for our specialist refuge accommodation amounts to £122,904. Warrington Borough Council is unable to provide you with details of staff costs or any further financial breakdown in respect of this service.

If you are not satisfied with my response to your request for information, you may ask the council for an internal review of this decision. 1. What is the total number of sexual offences committed by school pupils targeting teachers/members of staff? Please can you provide the ages of the pupils and teachers involved.

2. What is the total number of sexual offences committed by school pupils targeting their peers on school grounds? Please can you provide the ages of the pupils involved.

The LA is unable to distinguish whether an offence was targeted at pupils or staff. Therefore, we can only look at the overall number of instances for the exclusion reason of sexual misconduct. However, as the numbers are so low, we are unable to provide the data that you have requested.

Freedom of Information Act Request: Council charges for conversion

I am writing in response to your email of 21 June 2018 requesting information about the council charges for the cost of converting Warrington schools to an academy.

In particular, you requested that the local authority supplied you with information in response to specific questions. Each question and the corresponding response is set out below:

- How much each school was charged for the cost of conversion
- Total cost to the council of converting the school

Response: Nil

1. Which year and month did the council first introduce a conversion charge for schools becoming academies?
2. What were the reasons for the council introducing a conversion for schools becoming academies?
3. If the council has never introduced a conversion charge, why not?
4. If the council has never had a conversion charge but is planning to introduce one, please state:
   a) when it will be introduced
   b) what the amount is that schools will be charged
   c) and why that decision has been taken?
**Response:** The council has stated its intention to apply a charge of £5800 for community schools and £2500 for voluntary aided schools in recognition of the additional officer time required to deal with conversion. Although this has not been implemented so far, it is the intention that this is implemented at the earliest opportunity and will be applied to those schools that have converted with effect from 1 April 2018 latest.
