Comments: Developing this area would be a tragedy for the people of Warrington. It is a local beauty spot for walkers and families as well as a haven for wildlife. Further traffic would add to the congestion in this area and doctors surgeries etc are already full to capacity and there are other consideration, such as school place availability. Red Lane is already very busy especially at peak times and this would make matters worse. Please think again about spoiling one of the last pieces of countryside on our doorstep.
