

[REDACTED]

---

I have read details of the plan and am appalled at the proposals which will massively detract from the pleasure I take from living in Appleton. The pollution, over population and traffic congestion will make me want to leave the area altogether.

If changes are necessary, then I suggest you listen to the Lib Dems and heed their suggestions as clearly set forth in their paper FOCUS - Local Plan Special No 185 Sept 2017.

Faithfully
