Dear Sir/Madam

Your plans for a Garden City Suburb of 6000 houses in South Eastern Warrington and an urban extension of 2000 houses in South Western Warrington are unnecessary and have not been properly thought through in terms of existing infrastructure, medical services and road network which is already reaching over capacity.

The Garden City Suburb of 6000 houses will completely change the character of the area and destroy its history and heritage.

The ability to access and enjoy green space is an amenity in itself and the loss of such a significant amount of green space will be detrimental to all residents, not just local

Stockton Heath is not mentioned specifically in the PDO but the impact of the Garden City Suburb and the Warrington South West Extension on this village will be enormous.

The traffic lights at the junction of the A49 and the A56 in Stockton Heath are already operating at capacity and the A49 flowing through the village is frequently at a standstill. Warrington and Halton hospitals are already operating at or near to capacity. I would urge you to think again about this plan to destroy our countryside and way of life in order to meet some dictate by Central Government

Yours Sincerely
