

Dear Sir

I would like to register my objection to the "Preferred Development Option".

The vast majority in the town do not want to become a city we choose to live in a town.

Your proposals shown on the map are unacceptable.

Your plans for development of the greenbelts etc. an act o bureaucratic vandalism

The affect on the environment would be catastrophic.

Destruction of wildlife habitats and more pollution in an already polluted town.

The proposals seem to stem from the egos of some councillors and town planners.

Councillor Price's pipe dream of 'City of Culture ' is a non starter.

I suggest he and fellow travellers read Shelley's "Ozymandias".

(Power is temporary).

The people of Warrington will decide their political fate.

I also strongly object to the section on the form asking for information about

people's race, religion and sexual orientation.

These questions belong to less enlightened times and have no bearing with the matters

in question.

Regards
