

25th September 2017.

Dear Sirs,

SUBJECT REF: R18/127 & 115 PARCEL CR4 SHLAA Ref 15231

We wish to state our objections to the proposal by Peel Holdings to build 220+ houses in this area of Croft:

- (1) The loss of precious greenbelt amenity. - There are surely brownfield sites somewhere in the Warrington area where former buildings have been demolished and the land left derelict.
- (2) The narrow winding roads through Croft village could not absorb the immense increase in traffic engendered by an extra 220 households, plus the noise and pollution.
- (3) Croft needs its open spaces and green fields. This is the countryside and this is what makes it special.
- (4) The owls that nest in Lady Lane will disappear if their natural habitat is taken away from them. That would be a huge loss to the many 'twitchers' who arrive here with their binoculars hoping for a sight. Sad!!
- (5) There are no shops in Croft, no doctors' surgeries and the two village schools are already stretched.

We hope that you will reject this preposterous proposal.

Yours faithfully,
