Subject: Proposal for 495 houses off Red Lane Appleton

I am writing to object to the above proposal

As a local resident I find this totally unacceptable

I am sympathetic to the needs of housing supply but the loss of 'green spaces' is unforgivable given the large tracts of previously developed space across the town that could be reused for housing eg. The wasteland around Warrington Central station.

The roads are already poor, the traffic too dense and the other infrastructure (bridges over the canal, local schools, medical centre) do not have capacity, so this proposal creates a range of safeguarding issues

Please register my objection
