

24/9/2014

To who it may concern, I wish to raise my objection to the proposed use of the transpennine way and use of green belt land to make a road way in our area, I have lived in this area for over [redacted] years and am not looking forward to having my quality of life disrupted and ruined to accommodate traffic, a problem created by indiscriminate building by the council. It would do better to clean up the town centre and make better use of the disused properties about.
