

Dear Sir / Madam,

I am writing to you to tell you about the 8000 houses being built and a new road being built across the Manchester Ship Canal in my opinion.

I think the new road is a good idea, but it will destroy the Trans Pennine Route (a very popular route) and The King's Club - A very popular pub. Also, it will destroy some really nice people's houses and maybe even mine! It will destroy animals habitats.

I think the new houses will make homes for future adults (like me), but it will destroy habitats and crops.

I don't want this to happen. Over all, if this plan does go through, I would recommend you do houses first, so the people whose houses are knocked down can move in quickly.

Yours sincerely
