Dear Sirs

Re: Local Plan
Consultation.

I have lived at the above address for all of my life and loved the neighbourhood and everything about the area in general. I am very concerned that this could possibly change if a roadway were to be constructed

If permission was given we would have constant noise, pollution from the vehicles themselves, let alone the disruption of the construction process itself. I am worried about the amount of wildlife that would be lost forever, hundreds of trees would have to be felled. The peaceful environment we now enjoy would never return.

We do not need thousands of new houses, clogging up our already overcrowded roads with yet more vehicles. Warrington cannot take any more, and what about services? Hospitals are already overstretched; without several thousand additional people arriving.

There would be devaluation of property prices, and that is already

pto

happening due to the uncertainty. All our neighbours have spent considerable 'time' 'Money' and commitment improving their properties. One

I ask you to consider all these factors when making your decision
