

[REDACTED]

---

Hi,

[REDACTED]

We are extremely concerned that there is a chance that our house may be knocked down due to the potential of a road being built on the old trans pennine trail. We have received numerous letters, emails etc. stating that there is a chance of a road being built but it has not really been clear if or when this may happen.

My wife and I moved to South Warrington from London [REDACTED] years ago and the reason we did this was because of how nice a part of the town it is, especially around our area and we love our walks down the Trans pennine trail.

We have a daughter [REDACTED] and wanted to stay in this house for [REDACTED] growing up but are extremely concerned that we will not be able to do this and have to move to another area outside of Warrington.

I was wondering if you could put my mind at ease or give me a little more information around any plans around this? We tried to attend a consultation event at the Park Royal Hotel and queued for a long time but couldn't get in and had to leave due to child care.

Any information would be much appreciated.

Thanks

[REDACTED]
