

Dear Madam/Sir,

It is with some distress that I have learned about the proposed developments in Moore. Moore is not in your borough but you seek to despoil an asset, which is enjoyed by your residents - the canal, the historic village, the pub, the well-established nature reserve. You hope to impose 2000 houses on what we imagined as green belt land! The land owners will make a tidy profit as will Peel Holdings - money isn't everything - we need to breathe and enjoy the space which is fast becoming urban sprawl.

Port Warrington is an abomination and will despoil the lives of people seeking a calm retirement. The traffic will ensue 24 hours a day and a formerly rural home will be chaotic. "Warrington Waterfront" - what a poetic image! At the moment it is rat-infested and dangerous.

I see that you overlook conservation areas when it suits you. God help some one who cuts a branch off a tree bearing a preservation order!

It would seem that the Moore Nature Reserve isn't safe <sup>from development</sup> even though it is heavily used by locals and visitors alike and provides a valuable green lung for many.

There are also historic buildings in Walton, which would be hugely affected. These include The Old School House, Torch House Farm, and Cookfight Cottages.

Yours faithfully,
