Additional comments or development needs

- To continue developing reflection books and links with other faiths and religious
- Formal assessment support
- The Warrington and Halton subject leader meetings which are held every term, are extremely useful. They always address current issues relating to the teaching of RE
- An understanding of the pedagogy of the Lancashire agreed syllabus
- The new exemplification on the website showing what expected levels look like in Y2 was very welcoming
- Subject lead training
- Staff are finding the Lancashire agreed syllabus rather vague in terms of the knowledge, skills and understanding that children should have learned by the end of each teaching sequence. They question whether this syllabus is too skills based without enough factual knowledge
- Assessing RE using the Lancashire agreed syllabus
- NQTs and RQT are receiving additional CPD through the Diocese

Warrington adopted the Lancashire Curriculum for RE, the recognised Agreed Syllabus from September 2014. Establishing a new RE curriculum has formed the basis of a number of network meetings:

More than 50 teachers and SACRE members from Warrington attended a number of RE Teachers Network Meetings during 2017/18

RE Teachers Network meetings were held on:

Collective Worship

No applications for a determination have been received by the SACRE either this year or in previous years. Any school wishing to explore the relevance of a determination (daily collective worship which is other than ‘wholly or mainly of a broadly Christian character’ in their context should contact the local authority officer who supports SACRE, Lesley Sweeney. Church schools are not eligible for a determination. For an academy wishing to apply for a determination the correct process is for the Trust to apply through the Education Funding Agency (EFA) to the Secretary of State.

Warrington Guidance on Collective Worship can be found on the Warrington Website under SACRE or by e-mailing the SACRE clerk.

Keeping up to date

Members of the SACRE are able to keep up to date with national initiatives in relation to RE and collective worship through access to NASACRE. The LA lead informs the SACRE of other published papers and articles.

Keeping in touch with schools

- The presence of SACRE members at conferences and at R.E Teacher network meetings has enabled schools to establish and develop links with SACRE.
- The Annual R.E Review 2019 returns demonstrated that a number of schools claimed to be delivering an effective and relevant R.E provision. It is intended that these schools may then have a role in supporting other schools with RE in practice.
- SACRE members use a clear framework for questions: see Appendix 2.
- Schools have welcomed and valued these visits.

Some questions for governing bodies to consider are:

- Is your school aware of the Annual Return to the SACRE? Did they complete it? [50% of schools did] Have you seen it?
- Do you know who is the RE coordinator on your staff?
- How is RE being used as part of your school’s SMSC offer?
- What could SACRE do better to support the development of RE in your school?

SACRE MEMBER School Visits

Some Generic Questions

Below are some suggested areas of enquiry which can be discussed with ALL schools based on responses to questions in the Review.

Factual Information

1. In what way(s) has the Agreed Syllabus assisted you in formulating/developing the school's R.E. and Collective Worship policies?
2. How are R.E. and the daily act of collective worship delivered and what arrangements are in place for their monitoring, review and evaluation?
3. What links are there with SMSC development and the promotion of British values, respect and tolerance?
4. In terms of curriculum models, how is the R.E. entitlement delivered?
5. How is pupil progress in R.E. assessed and recorded?
6. What were the considerations borne in mind when determining the range of faiths other than Christianity?

Strengths, Achievements and Pupil Perceptions

For those schools providing responses to these questions, there is ample scope for fruitful discussion together with an opportunity for individual schools to celebrate achievement. Additionally there may be the possibility of R.E. lead teachers and heads of departments being prepared to share best practice with colleagues at appropriate support group meetings.

1. Please expand on your summary of your school's strengths and achievements in R.E. and Collective Worship.
2. In what ways have these features enhanced the R.E. and Collective Worship provision in your school?
3. What have been the benefits of receiving feedback on pupil perceptions relating to R.E. and Collective Worship?

Secondary Schools only

1. Is there any other form of accreditation at KS4 in addition to GCSE full and half-courses?
2. What percentage of R.E. teaching at KS3 and KS4 is undertaken by R.E. specialists?
3. How would you describe your school's delivery model for R.E.?

NOTE: In Sections B and C discussion will necessarily be school-specific based on responses made on the Survey form. Fruitful benefits may include a closer, professional working relationship between SACRE and a growing number of schools in the LA together with the formulation of an expanding resource of best practice to be shared with colleagues in schools.

Section B – Self Evaluation Judgements

1. On what criteria are your self-evaluation judgements made?
2. How are they helpful in ensuring consistency and continuity in pupils' achievement and progression?

Section C – Additional Comments/Development Needs

1. In what ways do you feel SACRE can work in partnership with the school in helping to address expressed needs?
