To whom it may concern

I am writing to object to the local plan around South Warrington as I feel it will have a detrimental effect on the area [REDACTED]

The current road system cannot cope with the traffic it has now so how will it cope with the overwhelming number of extra vehicles from housing developments and industrial sites???

Pollution in Warrington is already high, it's not fair on residents to worsen it with increased traffic.

The green belt and beautiful surroundings will be wrecked and once green belt is gone it is gone forever! Surely there are brownfield sites that can be used.

Wildlife will be destroyed.

Who has decided so much more housing is needed? Documents have suggested that you plan to build more than the projected need for homes in the area.

The local plan is poorly thought out, unwanted by many and undeliverable! Who is making these decisions? I guarantee not local residents but people who do not have to live within the local area, it is not fair!! I hope you can sleep at night.

Regards
Joanne Richardson
