LOCAL PLAN & TRANSPORT
PLAN. - LPT4.

I am. Writing to you in Regards
to the future Plans Proposed for
Darrington South.

I. Attended the public Consultation
at the Halliwell Jones Stadium
and I was Horrified & Annoyed.
at the Scale of your Proposal.
Why? use Green Belt Land to Build
Houses & Industrial Units which
Residents do not want.

A Lot of people today are very
Concerned about Birds, Insects, and
in General all wild Creatures

Being in serious decline due to their Habitat Being destroyed.

But NO you people want to destroy a lot more of our Cheshire Countryside for development.

Another Big Problem is the Transport Infrastructure when the motorways shut down Darrington becomes Gridlocked.

And then the Nightmare Begins Thousands of Vehicles Trying to Move around on roads which were never Built to cope with massive volumes of Traffic and also Victorian Swing Bridges which are now unfit for Purpose.

So. How do we cope if all these New Houses Etc are Built More Cars, More Pollution.

THESE PLANS ARE SO UNSOUND.

THANKING
YOU.

A. G. Jub.
