Re: SOUTH WARRINGTON DRAFT LOCAL PLAN

To: All it concerns regarding this consultation.

I am a Mother, Grandmother, and Great Grandmother, who grew up living in, and enjoying open countryside, appreciating nature, and breathing in fresh air.

This is a PLEA from my heart, - PLEASE DO NOT take this away.

To deprive today's generation, and indeed, future generations of all of this, would be nothing short of a tragedy.

EVERYONE deserves the right to be able to live luminous lives.

Yours Very Sincerely,
