Policy GB1 Warrington's Green Belt

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I do not believe this plan is sound, it seeks to remove green belt land and use it for development, I fundamentally disagree with this proposal and do not believe it is NOT sound. There remain options to use brownfield land and re-use unoccupied land instead of the destruction of green belt. I am concerned that the views of residents about this issue are simply being ignored and I feel very strongly that the basis of this plan is not sound and should be changed to prevent the loss of any green belt land.

This was similar to my feedback on the last consultation- I got no response from this and I have heard the same feedback from other residents who filled in the feedback previously. Residents views are once more being ignored, the consultation is not meaningful and I once agree dispute both the consultation process and the quality and soundness of the actual plan

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please listen to the very serious concerns of residents about the destruction of greenbelt land. If you listen to their feedback and protect ALL greenbelt land then I feel this would make the plan sound and show effective and meaningful consultation with local residents.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
