### PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

It is unsound because you have not taken account of large number of objections to the 2017 version of the local plan. The significant loss of green belt land is unacceptable. Yet again there is little to no provision to improve local infrastructure or local roads to cope with the dramatic increase in the number of vehicles that thousands of new houses will bring.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

I don't support your plan but I have no doubt that you have paid large amounts of local tax money to ensure that you comply with the legal rules.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The distribution of new housing needs to be more even across the Warrington area and not focused on South Warrington again. A greater number of houses should be built on brownfield sites. More investment is required to improve the road networks around all new developments and improve public transport.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
