Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

There is much mention in the plan of the requirement for infrastructure to support, in particular, the developments to the south of the Manchester Ship Canal. In addition, how the infrastructure is not adequate to meet today's needs, let alone those envisioned by the plan.

However, delivery of this plan is dependent on a transport plan and there is no certainty that this other plan is deliverable. Moreover, there are no supporting details associated with any new strategic links, hence costs are unknown.

Hence the soundness of the plan, without the supporting infrastructure, is fundamentally flawed. There is a real risk that new housing and supporting facilities commence without the infrastructure either being designed or committed to support it, with only links to existing roads. This is already the case with building work for new housing in South Warrington.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

I'm assuming the Council has adhered to any legal and compliance requirements.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Infrastructure has to be committed, both funding and details on routing, prior to commencing any development.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
