1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Policy MD2 Garden Suburb

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Garden Suburb. I believe that the plan is not compliant as there is no need to build on Green Belt. The number of houses required is not in line with the population requirements and the required numbers of houses could be build on current or emerging brown field sites. The local infrastructure is not sufficient to cope with the increased traffic, specifically the motorway junctions M6 20 and M56 10. The proposed industrial development will bring a high level of air pollution and the proposed 'country park' and 'green spaces' are not sufficient to cope with the increased local pollution. Breaching green belt areas which are currently legally and morally protected when there are other options is not legally or morally sound.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove the proposed building on green belt areas and increase the reliance on current and emerging brown field sites

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
