Sound		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

No clear plan to improve local roads in South Warrington. Existing structure cannot cope anyway with current heavy congestion (esp A49). Significant number of additional houses will make tge situation far worse.

Plan relies on existing Victorian bridges - all traffic pinch points).

Development in South Warrington would not generate redevelopment of the town centre. People buying houses in the area would just commute to Manchester or Liverpool.

Huge loss of green belt with accompanying air pollution, loss of environment, impact on nature and on health/well-being of existing residents.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Significant reduction in planned number of houses in South Warrington.

Specific details of planned infrastructure such as schools, leisure and medical facilities.

Improved transport network plans.

More use of existing brownfield sites.
