Policy GB1 Warrington's Green Belt

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

| | Yes | No |
|---------------------------------------|-----|----|
| Legally Compliant | X | |
| Sound | | X |
| Compliant with the Duty to Co-operate | | X |

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I don't believe the plan is sound as desire to create new homes without the correct infrastructure in semi-rural areas such as Burtonwood will create issues in the long term as well as lose the identity of picturesque parts of the town while there still remains derelict and un-used brownfield sites across the town. Green belt land should never be the first option and as a resident who lives in a rural village I feel Warrington Borough Council have taken the easy option with no sound plan for the future. Burtonwoods roads are currently incapable of coping with the current traffic levels, increasing the population will only make this worse. The schools are currently all full and local residents struggle to get children in as it is.

With regards to duty to co-operate as a resident who lives next to a proposed location of development I have had no information provided as to the plan and have only found out by word of mouth.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

I believe it is legally compliant but do not agree with the proposal.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I do not feel that (as stated in section 5.1.4) there is any exceptional circumstances as to why the green belt land should be removed, and fail to see a reason as to why it has been.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination (I understand details from Part A will be used for contact purposes)

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:
I do not feel I need to modify my statement, however would be willing to answer any questions put forward to myself.
