PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Over estimates the housing required. The housing and industry invades green belt land therefore unsound ecologically and environmentally. Would contribute to massively increased pollution levels in the local area in an area which is already suffering. This would cause suffering and medical issues to the local people. We were informed by local politicians that the transport infrastructure would be built before the housing this will not be done. The new road to the west only relieves the town centre (and this is debatable) we therefore rely on 3 metal bridges built in 18th century and owned by a private company.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Severely limit the density of housing so as to limit the environmental, ecological and pollution issues in the local area. Therefore in essence not to build on green belt land. Comply with the local politicians declarations that the infrastructure will be built before building. Moreover in doing so, show how it is to be funded and have the funding in place before any development.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now? Please select one option.
