Draft Local Plan (as a whole)

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

████████████████████ I am most concerned about the totally inadequate plans for road access through this area if there is a huge housing development. The area is already polluted by stationary traffic on the A49. I already drive considerable extra distances to avoid the centre of Stockton Heath because of the congestion. All this will get worse.

I moved to this area as a village with character and access to open countryside. All this will be lost.

I believe that the estimated need for housing numbers are too high, that there are other places, brown field sites, that could be built on over the coming years.

There is no justification for destroying such a large area of green belt all in one place and destroying the character of the area.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

There is merit in building more housing for older people, and more affordable housing, but only if the resources are provided to support that population.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Do not build so many houses on one area of green belt.

Make very different access provision.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
