---

I am writing with regards the local plan proposal for 200 homes at Tanyard Farm in Lymm.

I am a home owner [REDACTED] with a young family.

My concerns with the 200 homes at Tanyard Farm centre around the infrastructure. Rushgreen rd is already very busy [REDACTED]. With 200 extra homes and 1.5 car per household resulting in 300 additional vehicles on the road [REDACTED] the issue is only going to worsen.

My main issue is that the road is not wide enough in parts as it is. Earlier this year while walking along Rushgreen rd pavement I was hit by the wing mirror of a white van when passing through the narrow section you can see on the photo below. Fortunately I only suffered bruising and not a serious injury.

You can see from the photo below that with a large vehicle such as a bus or van passing through, oncoming traffic cannot pass at the same time. This is dangerous for pedestrians who are using the pavement and for the vehicles on the road. There are often pieces of broken wing Mirrors at that section due to the narrowness of the road.

I understand the need for additional housing but adding 200 more homes at Tanyard Farm when the infrastructure is not there to support it and it endangers the lives of Lymm residents is unacceptable.
