PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Policy INF1 Sustainable Travel and Transport

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The Local Plan has been brought forward without publication of a Local Transport plan, which is described as "being prepared". It is therefore impossible to assess whether the Local Plan satisfies the requirement to be sound, in terms of sustainability of transport links. There is already great pressure on road systems to the north into Warrington, crossing the ship canal, and at Bridge Foot. Without clarity on how this will be mitigated, the proposed increase in dwellings cannot be justified as sound.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

I have no comment to make with regards to these questions.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Publish a Local Transport Plan which describes how the impact of the increase in dwellings on road transport links will be mitigated. It will then be possible to judge whether the proposed Local Plan satisfies the test of soundness in terms of sustainability of transport links.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

You have just completed a Representation Form for Policy INF1 Sustainable Travel and Transport. What would you like to do now? Please select one option.
