## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Policy OS1 Burtonwood

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

I am sure that before any building is to be considered, the work on the infrastructure and will need to be brought into the 21st century, at present the infrastructure is not fit for purpose!

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- Pot holes in the roads and footpaths, lack of policing, major traffic issue (Already too many cars use the village as a rat run due to the new Runcorn bridge and people's reluctance to use it)
- Lack of resources for home and health care.
- Parking issues for example in some streets, if the Ambulance or Fire service is called, they can't get to the address as there is nowhere to park and people have to park on the paths.
- Major impact on the environment. Loss of habitat for wildlife. Increase our local pollution percentage re global warming. More vehicles, more greenhouse gasses impact on ours and our children's health. • Electric power supply, our electrical network which is only just coping with current usage. Imagine 160 new houses using the network as it is now. that in the area has the number of power cuts than the village, more houses more stress on the national grid.
- The whole area of Burtonwood following the coal mining, what impact would that have re subsidence. As any risk assessment been done?
- What impact would any building work have on current traffic flow?
- The bus service is inadequate now!
- Schools ability to cope with a large building plan?

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
