I wish to object to the draft local plan. The proposed infra structure for South Warrington will not be sufficient for the numbers of housing proposed or for commercial development. At present, at some times of the day, there are queues to get to the motorways. There are already many more houses to be built before the local plan is implemented. Air pollution caused by transport is already a major problem that will only get worse with the proposed plan.

[REDACTED] Appleton Thorn and the village character and identity will be destroyed. This area needs more amenities, schools, health centre etc.

Mrs P Bennett
