PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Policy MD2 Garden Suburb

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

| | Yes | No |
|---------------------------------------|-----|----|
| Legally Compliant | | |
| Sound | | X |
| Compliant with the Duty to Co-operate | | |

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

We need to be more green - environmental catastrophe looming. This plan increases congestion and pollution, removes green belt (reducing production of oxygen, drainage, habitat for wildlife -essential for balance of ecosystem).
There are alternative brown sites that can be used and there is not evidence for this amount of housing to be required.
Lose the character of the area - on the edge of countryside - villages - do not want to live in urban mass!
Road system already at capacity - cannot take further increases of traffic. We need to be cutting back on traffic and improving public transport to reduce emissions.
Green belt was created to prevent planning such as this. There are no extreme circumstances to justify using green belt and it would be environmentally unsound and morally wrong for the future.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Do not build on green belt land.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
