PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Warrington is rapidly becoming congested with housing developments that don't preserve the character of the area or deal with road and service infra structure in a reasonable way. We are already a very polluted town and the local plan does not address this or have an effective plan to managed the extra pollution as a result of this local plan.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Reduction in the number of houses in line with demand. Clear and reasonable service and access planning to reduce the impact of traffic and availability to critical services such as health care. Provision for Brown belt to be considered first for development. Prioritisation of social housing, affordable homes and homes for the elderly to increase the availability of housing stock. 4 bedroom executive homes should be de prioritised as we have an excess of these locally and they do not address local housing needs. I believe the plan should be subject to periodic review to ensure it's still relevant after brexit. We should not be tied into a unsustainable plan to increase council funding or to allow 3rd party developers to make a vast profit.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination (I understand details from Part A will be used for contact purposes)

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:
