	Yes	No

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

There is no justification for releasing green belt. Green belt exists for a reason, to protect it from development. In South Warrington there are not enough roads/ forms of transport as the current roads are often gridlocked. This causes air pollution. There are not enough schools and healthcare facilities or other amenities for the amount of houses proposed. The south of Warrington is bounded by motorways and the Ship canal which restricts the possibility to ease congestion, especially through Stockton Heath, which can be at a standstill when there is a problem on the motorways. This is also affected by closures of the swing bridge over the Ship Canal.. There are far too many developments proposed for the South Warrington area in the space of 20 years, with no consideration for what is needed and how it can be implemented without destroying the area.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
