Draft Local Plan (as a whole)

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Already our roads are congested and in poor state of repair. Stockton Heath is a village which has traffic problems already without adding to it.
The proposals are unrealistic and do not take into account the limitations of the proposed area to be built on, nor the villagers who chose to live in a village and pay the house prices for a village environment. The village character will be completely lost.
There are no robust plans to address the constraints of the area with regard to the canals and motorways. Already an ossue with a motorway has a knock on effect to traffic chaos in the village.
Greenbelt should not be released. The predicted population growth has been overestimated and once the greenbelt is taken, there is no way back. There is absolutely no justification for this.
Air pollution and car fumes will be increased.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Absolutely no justification for this.
This plan is not sound.
