PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

Basically the over reliance on green field land, lack of supporting infrastructure and likely traffic congestion and poor air quality that will result.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

Due legal process appears to have been followed but I am no expert.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Ideally to redirect as much development as possible away from green field land to preserve this and onto brown field sites especially with imminent closure of Fiddlers Ferry Power Station. Make provision for additional public transport alternatives and likely increased traffic flows that result from the development. Consider more thoroughly the environmental impact and whether overall the current climate emergency requires the local plan to have a greener focus, put plainly redevelop the brownfield spaces and properly consider health impacts of reduced air quality. Consider ecological impact such as Great Crested Newts and other protected species. Liaise with Peel ports over poor state of the bridges and what can be done about them.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now? Please select one option.
