PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

There are no exceptional circumstances for the loss of any greenbelt. The distribution centres and housing proposed will cause more pollution in an area already highlighted by the WHO as exceeding safe levels and as we are to be carbon neutral then this cannot go ahead. The government also states brownfield sites must be used before greenfield and therefore with fiddlers ferry power station being closed you have ample brownfield with all the current brown field sites to fulfill any need you housing or employment. With regard to housing your figures are exaggerated and we do not require the amount of houses proposed. Those proposed in this area of south warrington would destroy all the local villages , destroy communities and habitats for wildlife. We need to preserve our farming land for future generations. We need to plant trees to combat the pollution which would help with the medical conditions we will experience due to pollution. In a word this plan is not going to benefit the people of warrington at all just developers and business. This plan must be scrapped and the people be allowed to say what is required in their area.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

This plan should be scrapped in its entirety. The amount of housing needs to be significantly reduced. The distribution centres scrapped as there are still empty units at omega. There should be NO loss of greenbelt

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination (I understand details from Part A will be used for contact purposes)

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:
The people who live here and travel within the area need to be heard.

You have just completed a Representation Form for Draft Local Plan (as a whole). What would you like to do now? Please select one option.
