None of the above

| | Yes | No |
|---------------------------------------|-----|----|
| Legally Compliant | | X |
| Sound | | X |
| Compliant with the Duty to Co-operate | | X |

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The plan is not sound because housing numbers are too high, there is no justification for releasing green belt land, 20 years is too far to plan ahead, there are no clear routes proposed for new highways, motorway junctions or canal crossings which would be needed to serve the garden suburb and development and no explanation of how these can be funded, there will be a huge increase in congestion and pollution in the area that cannot currently cope - roads are already congested especially in Stockton Heath and at junction where Cat and Lion is every morning and evening, the development will completely change the character of the area. The proposals are undeliverable due to the poor highway structure and the geographical limitations. Greenbelt should not be sacrificed. .

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
