PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The plan has ignored the representations from existing residents that we are opposed to the radical and unjustified proposals for growth of housing and businesses in South Warrington which will destroy our greenbelt, undermine and threaten our health, well being and the proposed population and traffic growth cannot be supported by our already failing infrastructure, social and health provisions. There's no point in having consultations and ignoring responses. This is not compliant. There is no justification for removing our greenbelt.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

No greenbelt land should be removed without the following having been done in an open and transparent way: 1. An impact assessment; 2. An economic appraisal; 3. Infrastructure improvements to have been completed before any development is permitted; 4. Mitigation measures to enhance the health, wellbeing and amenities for existing residents to be agreed and added as conditions to any proposed permissions before building works commence.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
