

[REDACTED]

---

My wife and I strongly object to the plan.

- 1) Our sole reason for living in Warrington is that it is not a city and is surrounded by greenbelt.
- 2) Why is City Status being chased? Most people in Warrington do not want this.
- 3) Why is greenbelt being used when there are brown field options.
- 4) There are already traffic issues. Traffic through Stockton Heath is at breaking point with no obvious plans to address this.
- 5) Why is a housing target higher than that required being proposed? If it is purely for City status then the population of Warrington should be consulted.
- 6) South Warrington is being unfairly targeted.
- 7) Part of South Warrington's character is that Appleton, Appleton Thorn and Grappenhall Heys are separate. The plan would see these being merged into one large housing area.

Your Sincerely
