---

I oppose your PDO Plans which include cutting through and using large amounts of green belt land,

My main objections to your PDO are :

using up far too much green belt land which I feel will have a massive impact mainly on the wildlife,

How use this land and also for people looking at the green belt land and walkers once this land has gone,  
it cannot be replaced

this PDO will cause more traffic jams as apx 24,000 new houses will be built that's on average 24,000,  
more cars on the roads of warrington mainly in the WA4 area and will add to congestion not ease it.

the money should be spent on improving our existing road infrastructure

Please take my objections to this PDO very seriously
