I wish to register my opposition to the 20 year plan for Warrington. What you wish to do to South Warrington is disgraceful , you will decimate existing communities all to gain city status. I ask you what's wrong with being a large provincial town, nothing as far as I'm concerned.

However you try to improve the roads around the town, I don't think building 22,000 + plus houses which will probably add 30,000 cars ,trying to manoeuvre their way through the town is the way forward.

Shame on you W.B.C.
