I would like to express my strong objection to the development of Thelwall Hayes with 300+ houses. This was never included in the last proposed local plan, it has been the subject of a previous planning refusal by a government inspector and Cliff Lane is a totally unacceptable access for this development. It has continuous drainage problems, an under bridge which is only one vehicle wide and a height restriction. This land is clearly green belt and should remain so. It is stated that this site is included because it will be available for early development, this surely cannot be an acceptable reason to destroy this wonderful green belt area.
