Dear Sirs

I wish to register my objection to the plans for all these houses to be built in Warrington. Especially those at Thelwall Quays.

Knutsford Road is congested enough now without another 300 houses being built at the side of it.

The development of the industrial estate off the M6 & M56 is just obscene. There are sufficient empty warehouses all across Warrington without the need for further buildings. The omega sit has sufficient space for any additional ones.

I totally object.

Diane Scholes
