Dear Sir or Madam

I would like to register my opposition to the revised Warrington Local Plan which gives the town the basis for planning decisions until 2038.

The Plan will change the face of our area forever and I believe it is not sound for the following reasons summary, as outlined by the South Warrington Parish Councils' Local Plan Working Group Consultation document, October 2021:

- There is no justification for predicted growth.
- There is no need for the volume of housing and mass of employment land.
- There is no justification for scale of greenbelt release.
- There is no need for the harm to air quality and local ecology.
- There is no need to destroy the landscape and character our villages
- There is no clarity on the means of delivery.
- There is no explanation of how the already poor transport infrastructure of South Warrington can cope with increased levels of traffic.

I live in the South Warrington area at the following address:

Many thanks for your attention to my comments.

Kind regards

Deborah OBrien
