LOCAL PLAN OBJECTION

✓ DEAR SIRS,

I write to object strongly to the above 'Local Plan'

✓ The plan is ill advised, and will have a huge detrimental effect on traffic and air quality in South Warrington.

✓ Housing is earmarked for areas which are miles from rail links, meaning that thousands of more cars will be on the road, pushing bridges and traffic volumes steadily at breaking point.

✓ Green Belt land should be preserved!

✓ Various brownfield sites across the town exist and should be utilised.

✓ Do not sell Green belt land to 'cover up' your mistakes with other projects and investments!

✓ Stop the Plan!

Yours sincerely
