Dear Inspector

Firstly I would like you to note that the people of Warrington are very fatigued over fighting to keep the green belt. You are probably aware of this. It has been going on for many years and at first the strength of feeling was incredibly strong with marches and protests. Over the years it has felt that WBC had one agenda, and that was to destroy the green belt unnecessarily.

I welcome your proposal to remove Six/56 from the plan. This will help us to keep the green belt and remove hundreds of hgv's off the road.

The jobs that WBC promise, never come to fruition and if they do, they are low paid with zero hours contract.

The way in which WBC calculate how many houses they need should also be re-examined. Warrington needs small family homes, not thousands of apartments.

Regards

Karen Rylance
